Just returned from LCA 2009, held at the University of Tasmania in Hobart. Conference was great as usual, was a good opportunity to try out my brand new Sony Alpha 700 DSLR.

Was also a great opportunity to catch up with Luke Manhood at one of the best steak places I have ever eaten at (the Ball and Chain on Salamanca place).

The next conference venue has also been announced, it will be held in Wellington, NZ - might be time to drop in and see Tim and Smgt!
